

## Stay Safe Policy

### **What is the Stay Safe policy for?**

We want to ensure that everyone who attends our events maximises their enjoyment while staying safe. We encourage physical as well as mental activities, and there are times where children may experience cuts or bumps when running around a farm, or tinkering with circuit boards - this is expected. However, we want to ensure you of the measures we take to avoid serious injury and to ensure all activities are carried out with minimal risk to safety.

### **Our Safety Commitment**

We are committed to ensuring the safety of young people at all times. The following measures are in place to ensure we can deliver on this commitment:

- All Immersive Minds staff and volunteers are PVG checked;
- First-aid kits are checked and held on site at all times and staff on-site are trained in first aid;
- All activities are risk assessed and documented

### **Our Emergency Procedures**

In case of a medical emergency, we will contact the emergency services as soon as possible and contact you using the contact details provided when you signed up to our service.
